Experiment 02 - Exercise 02: Multiple of 5

Tofik Ali

February 14, 2026

Objective

Check whether a given number is a multiple of 5.

Input

An integer `n`.

Output

Print whether `n % 5 == 0`.

Approach

Compute `n % 5`. If remainder is 0, it is a multiple of 5.

Time Complexity

`O(1)`.
